

SEE THE WORLD, YOUR WAY.

WE ARE ONLY LIMITED
BY OUR IMAGINATION

As a company, Clark Global understands every aspect of building your unique home away from home.

Every type of vehicle is a blank canvas whether it be from scratch, converting horse trucks, enhancing campervans, constructing truck bodies; we can build or convert anything into your dream functional vehicle. No chassis is off limits.

We can ship globally and our custom habitat fiberglass panels have the highest insulation rating available, so you can take on the harshest temperatures anywhere in the world.

Servicing both the domestic and global market, Clark Global offer a full 360 service, where they can work with you on any step of the process you may require.

- Consultation to find the right vehicle for you
- Source and manage the procurement of your base vehicle
- Import and export management
- Cabin design, build and supply
- Parts and modifications
- Build and maintenance management

Take the first step in making your dream a reality - talk to us today about what is possible, obligation free.
